Act with care and diligence and in the best interests of the <i>CRFERP</i> and RANZCR.</li> <li>4. Keep abreast of key issues, including bi-national and international developments that may affect the work and areas of responsibility of the Review Panel.</li> <li>5. Dedicate time outside of Review Panel meetings to undertake activities on behalf of the Review Panel, such as drafting of documents, responding to emails, research, provision of advice and otherwise as required.</li> <li>6. Support the development of policies by the Faculty of Clinical Radiology.</li> </ol> <p><b>Conflict of Interest</b> Members will be required to complete a statement of conflicts of interest and to declare any further potential conflicts of interest that may arise. These are to be recorded in the minutes/reports of the relevant meeting.</p> <p><b>Disputes</b> Disputes that cannot be satisfactorily resolved within the Review Panel will be referred to the Dean of the Faculty of Clinical Radiology via the Chief Executive Officer.</p>

**Meeting attendance**

Members are required to attend at least 50% of the meetings per calendar year. The Review Panel Chair will speak to any member who is absent for two consecutive meetings to talk about the member's capacity to contribute to the Review Panel in future. If a member is absent for three consecutive meetings, they may be asked to step down from the Review Panel.

All members are to RSVP their attendance and (if necessary) send their apologies as early as possible prior to any teleconference meeting of the Review Panel. If unable to attend Review Panel meetings, members are encouraged to provide the College secretariat with their comments on the meeting papers prior to the meeting.

**Confidentiality**

Review Panel members must keep matters relevant to individual members of the College or specific cases of patient care confidential. Review Panel members are required to maintain confidentiality on matters of importance to the College and on matters that can affect the interests of the College, and the profession of clinical radiology. Further information about the levels of confidentiality can be found in *Appendix 2*.

Agenda papers and minutes should be annotated with the appropriate level of confidentiality to assist members in application of confidentiality rules and in communication across bodies. If in doubt consult the Chair of the Body.

**Code of Ethics**

The Code defines the values and principles that underpin the best practice of clinical radiology and radiation oncology and makes explicit the standards of ethical conduct the College expects of its members. These apply to members of Reference Group/Review Panels in their work for the Review Panel and members must abide by the Code of Ethics.

To download the RANZCR Code of Ethics please [click here](http://www.ranzcr.edu.au/documents-download/document-library-9/3958-ethics) (or copy and paste <http://www.ranzcr.edu.au/documents-download/document-library-9/3958-ethics> into your web browser).

**Cost of Operation**

This Review Panel may have one face-to-face meeting per year with additional face to face meetings permitted with budgetary or RANZCR Board of Directors approval.

Any requests for expenditure/reimbursement must comply with College guidelines.

**Responsibilities of the Chair**

The Chair will provide oversight of the Review Panel and will be responsible for ensuring that the Review Panel fulfils its functions and acts on assigned tasks in a timely manner. The Chair will approve the agenda for each meeting and chair meetings. The Chair will be responsible for reviewing the draft minutes so that they can be sent to the Review Panel for review and verification in a timely manner.

## Process for Appointing FCR Body Chairs

Faculty of Clinical Radiology (FCR) Body Chairs are appointed by the following process:

1. Log vacancy and inform Dean/FCR Council.
2. Send Expression of Interest to Body members (unless specified otherwise in the FCR By-laws). Applications not meeting requirements are returned to the candidate as invalid.
3. Body members vote by secret ballot. Confirmation of due process by relevant senior manager at the College.
4. Result communicated to Body members.
5. Decision of the Body taken to FCR Council to ratify (out of session if urgent, as determined by Dean). Information on applicants' names, key dates and votes supplied. Further information can be requested if needed.
6. Chair and Body notified of FCR ratification.
7. Membership advised and register updated.

If there is only one nomination for a post and the person nominated meets all the necessary criteria, they will be considered for ratification by FCR Council without a vote.

## **Confidentiality Levels for Consideration**

There are three major levels of confidentiality for matters considered by a Faculty of Clinical Radiology Body.

### **Level One**

The highest level relates to matters that must not be discussed outside the meeting room now or at any time in the future: for example a member has been subject to investigation by a regulator or charged with a criminal offence; or a matter that is disclosed by government or is commercial in confidence, for the purpose of working together such as notification of new licences for equipment.

### **Level Two**

The intermediate level of confidentiality relates to matters that are in the early stages of discussion and need further development and consideration before being released for confidential consultation with the membership, for example the development of a position paper regarding a clinical or economic matter or restructuring of the College such as the Governance Review. These can be discussed amongst those who have received the documents but not with the wider membership at this point.

As a membership organisation it is important, welcomed and encouraged that matters relevant to the profession are able to be discussed amongst the membership and the results of these discussions fed back to the College in order to optimise the College's stand on these matters. It is a matter of releasing this information at a time when it is sufficiently well-considered that a useful discussion can be had, and rumour and supposition minimised.

### **Level Three**

The lowest level covers all other matters and is covered by the Chatham House Rule: "When a meeting, or part thereof, is held under the Chatham House Rule, participants are free to use the information received, but neither the identity nor the affiliation of the speaker(s), nor that of any other participant, may be revealed." The principles of these matters, but not the individuals involved, can be discussed more widely in the interests of developing ideas and enhancing collaboration.
