[Member Advantage Program - 1 day free car hire](#)
[Upcoming meetings and events](#)

Rohan Williams Travelling Professorship 2011

The Rohan Williams Travelling Professorship is made available at two yearly intervals to a radiologist or radiation oncologist of stature, chosen alternately from The Royal College of Radiologists, London, and from our College. It enables the recipient to attend the Annual Meeting of the opposite College and also to visit a range of centres in the territory of that College.

It is the turn of an **Australasian radiologist** to be selected to visit the United Kingdom in 2011. Any radiodiagnosis Fellow who wishes to be nominated as the Rohan Williams Professor for 2011 should submit a curriculum vitae to: The Chief Censor in Radiology, The Royal Australian and New Zealand College of Radiologists, Level 9, 51 Drutt Street, Sydney NSW 2000, by **no later than Friday 25 June 2010**. The curriculum vitae should include a list of lectures that the individual would be able to present in the UK.

[Guidelines for the Rohan Williams Travelling Professorship](#)

Nominations will initially be considered by the Education Board in August and then these will be forwarded to The Royal College of Radiologists, which will make the final decision.

For further information on the Rohan Williams Travelling Professorship, please contact Ms Julia Snedic, Radiology Education Officer on julia.snedic@ranzcr.edu.au

Philips Healthcare Australasia prize

This prize has been established through a grant by Philips Healthcare Australasia to support the attendance of a College Fellow or student member at a major European radiology meeting. **PHILIPS**

Applicants are required to submit a paper for presentation at the designated

meeting and are eligible for consideration for an award only if the paper is accepted for presentation. The paper must be based on clinical or basic research work carried out in Australia or New Zealand.

All applications are to reach the Chief Censor in Radiology at The Royal Australian and New Zealand College of Radiologists, Level 9, 51 Drutt Street, Sydney NSW 2000, **no later than Friday 25 June 2010**. Please note that late applications cannot be accepted.

For further information, please contact Ms Julia Snedic, Radiology Education Officer on julia.snedic@ranzcr.edu.au

Connectathon for E-Health Secure Message Delivery

As technology advances at breakneck speed in radiology and other fields of medicine, the importance of using standards compliant IT systems cannot be understated. This is particularly crucial when medical data is being transferred from one system to another.

The Integrating the Healthcare Enterprise (IHE) on behalf of the Department of Health and Ageing, is hosting the 2010 Connectathon for E-health Secure Message Delivery. College members should encourage their IT vendors to participate, so that vital clinical information is secure and available for other clinicians to use, in a format that their systems can understand.

[The Invitation to Connectathon for E-Health Secure Message Delivery](#) provides all the details on the event, which is to be held from April 19-23.

Hospira Withers and Peters Fellowship - deadline extended

**Hospira Withers and Peters Fellowship Prize for 2010
application deadline extended
to **Friday 5 March 2010****

The purpose of the Fellowship is to promote a culture of radiation oncology research by supporting our most able and committed young researchers to carry out significant research projects. The Fellowship is available to student members or Fellows of the College who have passed their Part II examination and are employed as a Fellow or Registrar in an accredited department.

For further information on the Fellowship and details of how to apply, please visit the College website at www.ranzcr.edu.au/research/news/roprize.cfm
